### Aims

In teaching Art we aim to:

- enable children to use a wide range of media to communicate ideas and feelings;
- nurture and harness creativity and acquire and develop a range of skills and techniques;
- develop children's capacity for imaginative and original thought and to try out ideas without the fear of failing. There is no 'right' or 'wrong' in art;
- enable children through observation to learn about the world around them;
- help children learn about the role of art, craft and design in their environment and take inspiration from it;
- enable children to become independent in the planning and reviewing of their work;
- enable children to develop their full potential confidently and independently.

### Objectives

We will endeavour to meet our aims by working in the following ways.

- ensuring objectives are clear through short, medium and long term planning;
- ensuring Equal Opportunity;
- ensuring the gradual introduction of a range of materials and techniques and planning time for the exploration of the potential and limitations of each;
- introducing sketch books to plan work as appropriate and to show progression from the foundation stage to the end of KS1;
- focussing on a variety of skills, individually and as part of a group;
- establishing an environment and atmosphere in which creativity and experimentation during the making process are as valuable as the end product;
- using memory and imagination as starting points as well as developing work from direct observation;
- allowing children time to reflect and talk about their work and to verbalise and make changes as they see fit;
- providing the opportunity to study the work of other artists and designers from a variety of times and cultures at regular intervals;
- teaching children specific information e.g. artistic elements (colour, tone, shape, pattern, line and texture) and skills as appropriate;
- ensuring pupils collect resources and ideas from which to develop their artwork
