

Ways to support your child

- Have fun writing with your child in interesting places or with interesting materials.
- Continue to use the writing pack resources to support early writing skills. More resources to follow this term!
- Count toys or objects with your child and spot numbers when you are out and about.
- Share the book that comes home each day with your child.

Reminders

- Please **don't** put drinks in book bags. If the drink leaks over the school book you will be asked to replace it.
- Please make sure your child comes to school every day and is collected on time at the end of the session.
- Please name your child's drink bottle.
- Please support your child to be as independent as they can be, by allowing them to put on or take off their coat by themselves.
- As it is getting warmer, please ensure your child has a water bottle, a hat and in hotter weather please apply sun cream at home.

- 27th June: EHH Summer Fete
- 15th July: Drop In Meetings For Parents
- 19th July: End Of Term

Article 28

We have the right to a good quality education

Communication, Language and Literacy

Our topic for the beginning of the half term is minibeasts! We will be writing lots of fun things about them. We will also be sharing minibeast stories and we will be looking at non-fiction books to find out real facts. We will be continuing to use brushes and chalks to write outside, as well as writing on white boards and clipboards. Please continue to support your child to write their name and continue to show them how to write lower case letters correctly.

Mathematics

We will be counting minibeast objects and matching them to numbers. We will be counting how many pieces are in our models and talking about the shapes we can see. We will be using 2D and 3D shapes to build pictures and models and talking about the shapes we have used. Please support your child at home by naming shapes and finding them when you are out and about!

Personal, Social and Emotional Development

We will be supporting children to become confident to cope with changes in routines and any new social situations that arise this half term. We will be talking and supporting children with their transition to reception classes in the Autumn term.

Areas of Learning

Understanding the World

The children have been fascinated by the bees minibeasts that they have spotted in the outdoor area recently. We will support the children's interest by finding out about bugs, bees and other insects, as well as looking at the changes to our trees in the garden.

Physical Development

We will be continuing to use a range of tools and equipment to support the children's fine and gross motor skill. The children will have opportunity to use tweezers, glue sticks, brushes and writing materials. Outside the children will be able to ride use large equipment to balance and climb.

Creative Development

The children are creating their own pictures, paintings and models about minibeasts. We will also be enlivening stories with sound effects and using instruments to create minibeast sounds. You could support your child by talking about minibeasts and naming them.
